

Appreciation

TO THE PUBLIC—We wish at this time to express our appreciation to the Island public for the confidence reposed in us, as manifested by the large number of purchases of the motor cars we deal in. Altogether in the past we have handled some ten different makes of cars; we now handle only three.

There is a reason for this.

To handle any new make that was produced seemed to us too much like "trying it on the dog"—with the public as the dog.

Our policy was to study the situation carefully, gauge local conditions and then consult the best automobile authorities in America—with the result that we represent today

The Pierce Arrow Chalmers Hudson

(All Licensed Under Selden Patent)

These three great makes represent a combination of best practice in automobile construction, with the widest choice of body types and prices. The manufacturers of these three great makes are the leaders in the industry.

By handling only these three great makes we can do justice both to the public and the manufacturers.

There are from five to eight thousand different parts in an automobile—multiply this by ten, and the number is enormous. Few dealers if any could keep even the necessary parts of ten makes to provide against inevitable accident, but with three it is different.

We wish our name to be synonymous with the

GOOD AUTO SUNDRIES AND GOOD SERVICE.

Faithfully yours,

Associated Garage, Ltd.

OWES HER LIFE TO

Lydia E. Pinkham's
Vegetable Compound

Vienna, W. Va. — "I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound." — Mrs. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

POLLITZ SAYS "DON'T WORRY"

The San Francisco Capitalist
Leaves With Final Optimistic Talk.

With the parting warning that nobody need be worried over the sugar situation, Ed Pollitz, the San Francisco capitalist who has been making his annual visit to the islands for the last three weeks, Wednesday morning took the steamer Sierra back for San Francisco. He talked just as cheerfully of the stock market when he left as he did when he arrived, although during the interval the said market has been doing a few turns in ground and lofty tumbling.

Mr. Pollitz delivered his final optimistic chirp just before he left. "People down here oughtn't to be worried over the stock market depression or the prospective low price of sugar," he said. "Sugar is just as good an investment as it ever was, and next year will be a good one. The next year, 1912, will be even better."

"Talk about the tariff on sugar being reduced or taken off altogether is foolish. The recent election on the mainland makes it more certain than ever that the sugar tariff will stand."

"The tariff on sugar is a Democratic measure. The Southern states want it, demand it, and their Democratic senators and representatives got it by a trade. There's no reason for them to reduce it now, is there? Congress is safer on the sugar tariff now than if there had been a Republican victory, for then the insurgents might have demanded and secured a revision of the schedule."

Mr. Pollitz expressed himself as generally pleased with the business situation in Honolulu. He was particularly interested in the Kan ditch and will use his influence to help the proposed canal amendment that John T. McCrosson will urge in Washington.

INSTANT RELIEF FROM ITCH

Instant relief from that itchy. A few drops of a soothing liquid. And the itch is gone as if by magic. Just a drop or two on the skin and no more of that torturing, endless nerve-racking itch.

Can you breathe how it will feel—this itching agony swiftness in a moment? You can know the relief if you just try the simple remedy—simplest of external liquid remedies—oil of wintergreen as compounded in D. D. Prescription.

We positively know that it alleviates the itch immediately—we vouch for this and guarantee it—for we have seen it used in too many cases, and the cures that follow, as far as we know, remain permanent.

MUCH INTEREST IS TAKEN IN RECITAL

A great deal of interest is being taken by the music lovers of the city in the coming violin recital by Mrs. Ingalls at the Opera House next Tuesday.

Mrs. Ingalls' talent is of a very high order and she has been very fortunate in her instruction. She is one of the favored few who have been permitted to study with M. G. Remy of the Conservatoire Nationale and has received from M. Remy very complimentary letters on her work. Gaby Eberhardt of Berlin with whom Mrs. Ingalls studied for two months is recognized as the technical leader of the violin and her work there was of great instructive value.

Assisting Mrs. Ingalls is Mrs. Riley Harris Allen who has been a student of Mme. Sargen-Goodelle and who was most favorably received at a series of recitals in Boston. It is not often that Honolulu has an opportunity to hear so talented a singer.

Reserved seats for this recital are now on sale at Bergstrom Music Co. at 50c, 75c, \$1.

CASTORIA

for Infants and Children.
The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of *Chas. H. Fletcher* guarantees genuine Castoria.
Physicians Recommend Castoria.

"Your preparation known as Castoria I have used for years in children's complaints and I have found it doing better." — JOHN J. LARSA, M. D., Cleveland, Ohio.

"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results." — ROWEN J. PARKER, M. D., New York City.

"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies." — VICTOR H. COCHRAN, M. D., Omaha, Neb.

"I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy." — A. F. PERLEN, M. D., St. Louis, Mo.

"I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild, laxative effect and freedom from harm." — EDWARD PARKMAN, M. D., Brooklyn, N. Y.

"Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments." — J. A. PARKER, M. D., Kansas City, Mo.

WILL SEND EXHIBIT TO MISSION DISPLAY

Hawaii Begins Work for Representation at Boston Exposition.

Hawaii will be well represented at American's first great missionary exhibit, which will be held in Mechanics Building, Boston, April 24 to May 13. A meeting of the Hawaiian Islands committee was held in the office of W. A. Bowen on Wednesday afternoon, and preliminary plans discussed for sending the exhibit forward on February 1 and March 1. The display is to be representative of Hawaiian life, especially emphasizing the missionary work in the islands. Industry, art, social and business life and religious progress will be pictorially explained. The members of the committee are:

Chairman Perley L. Horne, W. A. Bowen, general secretary, H. P. Wood, Rev. William Brewster Oleson, Judge Henry E. Cooper, Rev. Doremus Scudder, F. J. Lowrey, Bishop Restarick and Canon Ault, Frank C. Atherton, Richard H. Trent, William R. Castle, Paul Super, Montague Crook, Howard Hitchcock, Edgar Wood, Victor S. Clark, Willis T. Pope, Rev. W. D. Westervelt, A. F. Judd, Theo. Richards, L. A. Thurston and James D. Dole.

WIRELESS GOES SEVEN THOUSAND MILES

Marconi Sends Message in Opposite Directions.

PISA (Italy), November 13.—Wireless communication was established last night by William Marconi between Collano, near here, and Glace Bay, N. S., a distance of 4,500 miles, and Erythra, the Italian colony in Northeast Africa, a distance of about 2,500 miles. After this new wireless feat, as a result of which the rates for wireless messages between Europe and America probably will be greatly reduced, Mr. Marconi went to San Rossore, where he made an exhaustive report on his recent experiments to King Emmanuel.
